- | | |
|------------------|--------------------------------|
| Class #15 | Warm Up Round |
| Class #16 | Short Track – Match The Clock! |
| Class #17 | Long Track – Match The Clock! |

General Rules & Timing

Warm Up Rounds:

Warm up rounds will take place in over track in the sand ring comprising of Show Jumps. This round will not be judged or timed. This round is designed to encourage horses and riders to get familiar with the ring and the obstacles without any concern for time or placings.

Short Track:

The Short Track Class takes place over an approximate distance of 550m and both faults at Show Jumps and Cross-Country obstacles will be tracked and calculated. The speed for each division is a hybrid of SJ & XC speeds to encourage safe and efficient riding over both styles of obstacles.

Short Track Classes will always begin and end with a SJ.

Ribbons will be awarded for these classes.

Long Track:

The Long Track Class takes place over an approximate distance of 800m and both faults at Show Jumps and Cross-Country obstacles will be tracked and calculated. The speed for each division is a hybrid of SJ & XC speeds to encourage safe and efficient riding over both styles of obstacles.

Long Track Classes will always begin with SJ and will end when the horses' front feet return to the sand ring.

Ribbons will be awarded for these classes.

Speeds and distances will not be posted. Riders are encouraged to maintain a pace that supports safe, correct jumping technique.

A division Champion and Reserve Champion will be awarded for all divisions after the completion of the Welcome Division.

Please take note of the different colour squares posted on the solid jumps for different divisions:

= 0.60m Division

= 0.70m Division

= 0.80m Division

= 0.90m Division

= 1.0m Division
